

DkIT Library runs Information Literacy classes for its students each year, we would like to offer secondary school students the opportunity to learn some of the same key skills before moving on to 3rd level education. We feel it would benefit them greatly and give them a good head start in college. The Information Literacy program introduces students to new ways of learning and finding quality information in a fun way. We hope you find our program both useful and interesting.

Information Literacy for Schools

Preparing students for Third Level Education

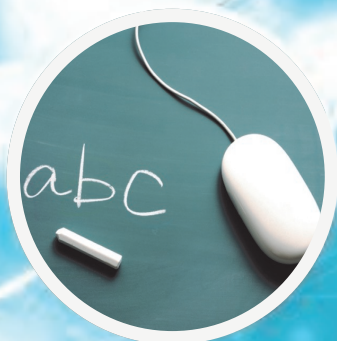

Information Skills training for your students

Preparing students for the Third Level Education

IMPROVE INFORMATION SKILLS
to search the web for the exact
information you need.

INFORMATION MANAGEMENT
How to find information, use it and evaluate it.

THE INFORMATION CYCLE
How the information is developed.
Different sources at different moments.

INFORMATION FORMATS
Discover the sources and
the different formats that
information can have.

ETHICS IN USING INFORMATION
Correct use of information.
Avoiding plagiarism.

SECURE INFORMATION
Secure sites. Privacy.

QUALITY INFORMATION SOURCES
Identify the best sources for each subject.

METHODOLOGY
Interactive and peer-learning.

**LIFELONG INFORMATION
SKILLS**

The students will develop
their information skills dur-
ing the sessions learning to
decide what kind of infor-
mation do they need, where
to find it and how to use it
in an ethical way in their
academic work and in their
personal life.

TAILORED PROGRAMS

We will adapt the contents
to the needs of your class,
collaborating together the
program that best suit you
and your students.

DKIT LIBRARY STAFF

All sessions will be deliv-
ered by qualified staff
members of DkIT Library.
They have been trained in
Information Literacy pro-
grams.
